BREEZY SPACES

Enjoy long days and warm nights with your own outdoor oasis.
Take inspiration from these refreshed spaces and other decor ideas.

CLEAR DUST

Pollen and dust can collect on outdoor cushions, Forté warns, so clean them with a handheld vacuum (one with a HEPA filter is best). Wipe furniture arms and tabletops with a moist paper towel or a cleaning wipe.

Upgrade the pool house.

This cozy room in Long Beach Island, NJ, is made for family lounging. “When you come down the stairs or walk in from the garage, it is a sunny, delightful surprise,” says designer Karen Wolf of K+Co Living. In keeping with the theme, a large Kerri Rosenthal maritime print completes the room.
